SUNGBUKDANG 10 Won Bread :
Differentiated ingredients and nutrition

Natural Cheese

Natural cheese is the key ingredient in **Sungbukdang's 10 Won bread,** generously filled with over 35g-more than double the amount found in imitation products. This high cheese content sets it apart, delivering a rich and savory flavor. Packed with calcium, protein, and vitamins A and B, it supports bone health and muscle recovery, while offering a deeply indulgent taste. Unlike processed cheese, natural cheese contains no artificial additives and retains more nutrients, making it a healthier choice.

Cream Cheese Sauce

The cream cheese sauce is uniquely crafted using **Sungbukdang's exclusive recipe,** featuring a sweet and smooth taste. Its rich and distinctive flavor enhances both the bread and the natural cheese, creating an even more satisfying experience. This signature sauce highlights **Sungbukdang's special appeal,** delivering a delightful burst of flavor with every bite.

A Special Dessert That Combines Health and Flavor

Sungbukdang's 10 Won bread brings together nutritious natural cheese, our uniquely developed cream cheese sauce, and high protein content-offering both exceptional taste and wholesome nourishment.
